Journal of Corporate Finance | ScienceDirect.com

The “first author” is a coveted position because of the increased visibility. This author is the first name readers will see, and because of various citation rules, the first author may be the only name visible. In-text or bibliographic referencing rules, for example, could reduce all other named authors to “et al.”

How to Order Author Names and Why That Matters | Wordvice

The research found there is a correlation between a person’s name and their physical appearance, and cultural stereotypes associated with certain names may actually play a significant part in that.
